2. Input

Input screen (default)

The screenshot shows the 'Input' screen in default mode. At the top, there's a status bar with signal strength, battery, and time (12:33 PM). Below that, the title 'Input' is displayed. The main content area includes:

- Date:** A text field containing '10/09/2010' and a 'Date Change' button to its right.
- Mileage:** An empty text input field.
- Quantity:** An empty text input field.
- Price:** An empty text input field.
- Type:** A dropdown menu currently showing 'Gasoline'.
- Full tank:** A checkbox that is checked.
- Register:** A button located at the bottom right of the form.

- Date (required)
Please set the date for refueling.
- Mileage (required)
Please enter your Mileage.
- Quantity (required)
Please enter the quantity of fuel.
- Price
Please enter the price of fuel.
**The default decimal point can not be registered.
Please change the setting.**
- Type
Please choose the type of oil.
- Check Full tank
If the fuel tank full, please check.
(Default setting)
- Register Button
Register your entries.

Input screen (Last mileage entry mode)

The screenshot shows the 'Input' screen in 'Last mileage entry mode'. At the top, there's a status bar with signal strength, battery, and time (12:41 PM). Below that, the title 'Input' is displayed. The main content area includes:

- Date:** A text field containing '10/09/2010' and a 'Date Change' button to its right.
- Last mileage:** A text field containing '0.0'.
- Total mileage:** An empty text input field.
- Mileage:** An empty text input field.
- Quantity:** An empty text input field.
- Price:** An empty text input field.
- Type:** A dropdown menu currently showing 'Gasoline'.
- Full tank:** A checkbox that is checked.
- Register:** A button located at the bottom right of the form.

- Allows you to enter the total mileage in this mode. Please refer to the setting.
- Last mileage
Shows the Last mileage.
 - Total mileage
Please enter this mileage.
 - Mileage
This value (Total mileage - Last mileage) is automatically set. (Can be changed)

Input screen (Car registration)

The screenshot shows a mobile application interface titled "Input". At the top, there is a status bar with signal strength, battery, and time (12:43 PM). Below the title bar, the "Date" field contains "10/09/2010" and has a "Date Change" button to its right. The "Mileage", "Quantity", and "Price" fields are empty text boxes. The "Car Name" field is a dropdown menu currently showing "car 1". Below this is a "Full tank" checkbox which is checked. At the bottom right, there is a "Register" button.

You can search more than one car registration. Please refer to the setting.

- Car Name
Select the name of the car.

3. Modification

Fix List screen

The screenshot shows a mobile application interface titled "Fix List". At the top, there is a status bar with signal strength, battery, and time (12:37 PM). Below the title, it says "Please select." followed by a date input field containing "10/2010", a "Date Change" button, and a "Search" button. A green header bar lists the columns: "Date/Gas mileage/Co2 emissions", "Mileage/Quantity/Type", and "Price/Unit price". The table below contains three rows of data:

Date	Gas mileage	Co2 emissions	Mileage	Quantity	Type	Price	Unit price
10/02/2010	26.13 MPG	104.0 kg	310.7 mi	11.89 gal	Gasoline	\$5,200.00	\$437.34 /gal
10/08/2010		25.4 kg	0.0 mi	2.91 gal	Gasoline	\$1,400.00	\$481.10 /gal
10/08/2010	23.51 MPG	92.4 kg	248.5 mi	10.57 gal	Gasoline	\$4,800.00	\$454.12 /gal

Search Area

- Date
Please enter the dates(year or month) you wish to search.
